

# West Bend School District Update

July 11, 2022

**\*\*Early newsletter edition to provide another notice of ESSER III survey before the deadline (see below).\*\***

## ESSER III Survey Open Through July 13

ESSER III, or Elementary and Secondary School Emergency Relief, is a form of federal COVID relief funding awarded to schools to help manage operational and academic costs.

The West Bend School District is seeking feedback from community stakeholders to help determine how we can best utilize the third round of the ESSER funds. Complete the survey. The deadline to complete the survey is July 13.

It is important to note that these funds are one-time federal funds where the district gets reimbursed from the federal government after the money has been spent.

## Clearing Up a Rumor

A couple concerned citizens have contacted the school district after hearing rumors that East and West High Schools have cat litter boxes in their bathrooms for student use. This appears to be a continuation of a rumor that spread nationally in the spring and required some school districts in Wisconsin and other states to release statements. Please be assured that there are no cat litter boxes in any of our school bathrooms.
