Testing Site Remains Open

The free COVID-19 testing site for West Bend School District students and staff is located at the former Jackson Fire Department building on Jackson Drive. There are some operational changes per guidelines from the State of Wisconsin:

- Testing is available for staff and students of the district. This is a change from last year when household members of staff and students were also able to get tested at the testing site.

- The hours are Monday - Friday 6:30 - 9:30 a.m. We have selected these hours to ensure staff and students have the ability to get tested prior to the start of the school day.
- The testing site will primarily do rapid antigen testing only. The testing site will be able to use PCR testing if it is needed to confirm the results of a rapid antigen test. This means you may need to wait at the testing site for your rapid test results to then determine if a PCR is needed.
- Instead of registering every time you need to test, you must now create an account through covidconnect2.wi.gov. For more information on the COVID Connect 2 account please [click here](#) to read the FAQ.

Join us on Tuesday, November 1 at 7 pm. at the West Bend High Schools Silver Lining Arts Center.

This is the only ticketed event for the band and 100 percent of the proceeds go to the scholarship fund used to send WBHS students to summer music camps and clinics.
