## Assessments and Curriculum

### State Assessment Data Shows Improvement

Data recently released from the Wisconsin Department of Instruction on assessment exams given to Wisconsin students during the 2021-22 school year showed improvement among West Bend School District students. In fact, among Wisconsin school districts with comparable per student spending, the West Bend School District was at or near the top in several categories.

The Wisconsin assessments include the Forward Exam for grades 3-8 and 10, ACT Aspire for grades nine and 10, and ACT with writing for grade 11. The Dynamic Learning Maps assessment is given across grades 3-11 to students with significant cognitive disabilities.

The average composite score of the ACT by East and West juniors in 2021 was 21.1, the highest score in five years.

West Bend School District students in grades 3-8 increased proficiency rates from 2020-2021 to 2021-2022 in all areas of the Forward Exam:

- ELA 42.9% to 43.4%
- Math 52.1% to 55.0%
- Science 54.0% to 59.4%
- Social Studies 52.3% to 60.8%

This information is used along with other data to complete the Wisconsin DPI School Report Cards that are released in mid-November.
