### **New Leadership for WBSD Curriculum and Instruction Department**

West Bend – The West Bend School Board on July 24 approved the hiring of Quynh Trueblood, Ph.D., as director of curriculum and instruction for the West Bend School District.

As director of curriculum and instruction, Trueblood will create a vision of high expectations for the continuous improvement of our learning systems to support the district vision and mission. She will provide leadership in the overall development, coordination, communication, and supervision of educational programs and services for all students in grades Pre K-12.

“Quynh Trueblood will hit the ground running. We are happy to have her expertise and experience to benefit the students of the West Bend Schools,” said Jen Wimmer, superintendent of the West Bend School District.

Trueblood was most recently a faculty lecturer for the doctoral program in educational leadership at Edgewood College in Madison. From 2012-2020, she was the superintendent of the Kohler School District in Kohler where she focused on organizational culture and effectiveness in leadership development, effective teams, stakeholder engagement, strategic communication, and K-12 education. In 2016, 2018, and 2019, Kohler achieved the highest Wisconsin DPI Report Card score among public school districts in the state.

Trueblood has also taught at Milwaukee School of Engineering, been a principal at Kohler High School, and an associate principal at Sheboygan North and South High Schools. She began her career in education as a chemistry teacher.

She received her undergraduate degree from the University of Wisconsin-Madison and her master’s degree in administrative leadership and supervision in education from the University of Wisconsin-Milwaukee. Trueblood earned her doctorate in leadership for the advancement of learning and service in 2021 from Cardinal Stritch University.

The West Bend Joint School District #1 is proud to serve nearly 5,800 students and their families from the city of West Bend, villages of Jackson and Newburg, and townships of Barton, Polk, Trenton, Jackson, West Bend, and Addison. We strive to ensure that every student is given the opportunity to reach their potential through academics, the arts, and co-curricular activities. Within our community-based 4K program, Head Start program, five elementary schools (K-4), one intermediate school (5-6), one middle school (7-8), and two high schools (9-12), families can expect a caring, inclusive learning environment that supports the development of the whole child.
