The information you provide will assist in determining why you believe your child should be admitted to kindergarten or first grade early. Include all factors that enter into your decision to request early admission. Attach any data you feel will support your application

1. Is your child's date of birth within the identified timeline?	
2. Does your child have friends/relatives who will be entering kindergarten or first grade this year?	
3. Is your child currently attending a preschool?	

4. If so, what is the name of the preschool:	
5. If yes, has the teacher of the preschool program suggested you consider early entrance?	
6. Name and phone number of the preschool teacher:	
7. Are you aware that the criteria for early entrance is based on meeting high standards, and that these standards would require that your child have skills in the top 2% of his/her age group?	
8. Are you aware that the decision made will be considering your child success in his/her entire educational career, not solely success in his/her kindergarten year?	
9. What skills or abilities does your child demonstrate that cause you to believe early entrance is a necessary consideration?
