No person, including someone with a state-issued concealed carry license, shall use or possess a firearm, whether loaded or unloaded, any destructive device, or other dangerous weapon (as defined under [section 948.61](#) of the state statutes) in school buildings and other buildings owned, occupied or controlled by the school district, on school premises, in school-provided transportation, or at any school-supervised and school-controlled activity, except as otherwise specifically authorized in this policy.

Examples of generalized exceptions include:

1. This prohibition does not apply where state law prohibits a school district from restricting any individual's right to possess a firearm or other weapon in a location covered by this policy (e.g., a law enforcement officer who is acting in his/her official capacity and who possesses a firearm or other weapon that was issued and approved by the officer's employing agency; certain individuals 21 years of age or older who are licensed to carry a concealed weapon who have stored a licensed handgun that is unloaded and encased in their motor vehicle parked on school grounds).
2. Any qualified current law enforcement officer who is off duty or any qualified former law enforcement officer may possess a properly licensed firearm provided that the individual meets all applicable conditions specified in the state and federal gun-free school zone laws. Although permitted, the Board generally discourages the intentional presence of such firearms, and strongly encourages such individuals to notify the Superintendent, building principal, or other activity supervisor of their possession of any such firearm in order to avoid misunderstandings should the presence of the weapon be identified by another person.
3. The building principal may allow a weapon on school premises for purposes of demonstration or educational presentations. This approval must be in writing and granted prior to the weapon being brought to the school. The weapon shall be maintained in the possession of the principal except during the actual demonstration or presentation.
4. Firearms or other weapons used for hunting may be allowed on school property for hunter safety classes, but only during non-school hours and after approval, in writing, from the Superintendent. The person(s) conducting the hunter safety class will assume responsibility for the safe handling and care of the firearms/weapons, and see to it that all firearms/weapons are removed from the premises promptly after the class.

Any student who possesses a firearm or destructive device in violation of this policy shall be suspended from school, referred for an expulsion hearing, and expelled from school for not less than one year. The School Board may modify this expulsion requirement on a case-by-case basis. Students possessing other weapons in violation of this or any other policy or rule shall be

subject to appropriate school disciplinary action, up to and including suspension and expulsion from school. A parent or guardian with access to student records will be notified of student weapons violations in all cases. When required by federal law, a law enforcement or juvenile justice referral shall also be made for any student who violates this policy.

Employees violating this policy shall be disciplined in accordance with employee policies, agreements and handbooks and referred to law enforcement officials for prosecution.

Any other person violating this policy shall be referred to law enforcement officials for prosecution.

The Superintendent or designee shall determine the appropriate means of informing students, employees and the public of this policy, including any specific notice(s) that are required under applicable law.
